## RESOLUTION

Resolution providing that an initiative ordinance be submitted to the qualified voters of the City of Los Angeles.

### BE IT RESOLVED BY THE COUNCIL OF THE CITY OF LOS ANGELES AS FOLLOWS:

Section A. The following initiative ordinance of the City of Los Angeles is hereby proposed to be submitted for approval by a majority of the qualified voters of the City of Los Angeles at a Special Election to be called and consolidated with the State General Election on November 8, 2016:

ORDINANCE NO. \_\_\_\_\_

### THE PEOPLE OF THE CITY OF LOS ANGELES DO ORDAIN AS FOLLOWS:

Section 1. **Name.** This ordinance initiative shall be known and may be cited as "The Build Better LA Initiative," and shall be referred to herein as "the Build Better LA Initiative" or "this Ordinance."

Sec 2. **Findings.** The People of Los Angeles hereby find:

The City of Los Angeles has seen a surge in homeless individuals and families who are forced to sleep on our streets, in our parks, and below our bridges. While LA has had the unfortunate distinction of being the nation's homeless capital for quite some time, the current situation has become so dire that City leaders considered declaring a State of Emergency. At last count, nearly 26,000 Angelenos were homeless, including those suffering from various medical challenges, people of color, families with children, and individuals who are employed. While their backgrounds and stories are as diverse as the population of LA, they share a common struggle with the majority of LA residents who are struggling to afford skyrocketing rents. A recent study from the University of California, Los Angeles shows that Los Angeles, which has the highest percentage of renters in the nation, is also now the least affordable rental market in the nation. Another study from Harvard University states that at least half of all households in LA are rent burdened, or spending more than 30% of their monthly income on housing, with significant numbers paying more than 50% of their income for housing costs. With average rents nearing \$2,000 per month, research has found that an individual must earn over \$30 per hour to afford the rent for a one bedroom apartment in LA and a working family must earn over \$88,000 per year to afford the rent for a two-bedroom apartment in LA - amounts that are out of reach for a city where nearly a quarter of its residents are in poverty and the median income is less than \$28,000 per year.

Despite the tremendous need for the construction of new housing, especially for those with extremely low, very-low, and low incomes, LA continues to struggle with capacity. The City expects to fall far short of its need for affordable housing - projecting that it may meet only 26% of the housing needed for lower-income households while exceeding the need for wealthier households. In May 2014, Southern California Association of Nonprofit Housing (SCANPH) released a report showing that the LA region had a shortfall of nearly 500,000 units of affordable housing available to low and very-low income residents. Southern California Association of Governments (SCAG) estimated that LA had a shortage of over 82,000 housing units, which according to the City's calculations, necessitates production of nearly 11,000 units per year, half of which would be affordable. Unfortunately, the City only has the funding to build 500 units annually and that could drop to 250 in the coming years. In other words, LA does not have the available building stock to address the homeless and affordable housing crisis.

The acute shortage of affordable housing available to those who are homeless or low income is not a new phenomenon and has many causes. Among the many reasons are a lack of public financing for affordable housing and an outdated general plan that does not provide incentives to build the type of housing we need. Cities like LA have been devastated by the dissolution of the Community Redevelopment Agency (CRA). In fiscal year 2009-2010, CRAs throughout California deposited over \$1 billion into accounts for low and moderate income housing. With the CRA being dissolved, cities and counties lost their most reliable funding source for projects that house residents with low to moderate incomes. The City's Affordable Housing Trust Fund (AHTF) was created in 2000 to fund the construction and preservation of affordable housing. Available funding in the Trust Fund has dipped below \$20 million, far below the amount needed to meet the current demand. Given losses in funding, maximizing land use strategies and incentives for both producing and preserving affordable housing is crucial.

Unfortunately, LA has an outdated General Plan, based upon codes that were developed in the aftermath of World War II. While the City's population has doubled from less than 2 million to nearly 4 million in 5 decades, the rules that govern construction keep LA locked into a small-city framework. 60% of LA is covered by a mix of mismatched zoning regulations. We need and deserve a General Plan and zoning codes that address our current challenges, while also embracing the diverse and dynamic city that LA is today and will continue to be in the future.

Cities across the nation have sought to encourage residential development for all income levels around major transit areas and along mixed-use boulevards. As we fight to add more affordable housing, new units must also be located in strategic locations such as areas near major transit stops in order to provide our workers, seniors and students with affordable and convenient travel on a daily basis. By doing so, we also promote healthy, safe, walkable, and sustainable spaces at all economic levels. Current residents of transit-rich neighborhoods in the City are three times as likely to use transit, walk, or bike to work, significantly more likely to be renters, typically make

less than \$30,000 per year, and are the groups most susceptible to displacement when property values rise and trigger higher rents.

The City's General Plan encourages provision of sufficient land use and density to accommodate an adequate supply of housing units to meet projected housing needs and encourages location of new housing near transit stations and corridors and within high activity areas while also protecting and preserving low-density neighborhoods. (See, e.g. Framework Element Policy 4.1.1, Objectives 4.2 and 4.3). The City's General Plan Housing Element also sets forth a primary goal of creating "[a] City where housing production and preservation result in an adequate supply of ownership and rental housing that is safe, healthy and affordable to people of all income levels, races, ages, and suitable for their various needs." Recognizing that affordable housing is a matter of statewide concern, the City's Housing Element encourages increasing the supply of affordable and mixed-income housing through land use programs, preserving affordable and rent-stabilized housing, particularly along transit corridors (See, e.g., Policy 1.2.2 and 1.2.8), and promoting sustainable neighborhoods that have mixed-income housing, jobs, amenities, services, and transit, and targeting housing resources, policies, and incentives to include affordable housing in residential development, particularly in mixed use development, Transit-Oriented Districts and designated Centers. Program 8, Objective 2.2, Policy 2.5.1. In furtherance of these General Plan policies and programs, a primary purpose of this ordinance is to create mixed-income development and encourage on-site affordable housing in market rate development projects within Transit-Oriented Districts and designated Centers. The development of mixed-income housing increases social and economic integration, and creates a healthy job and housing balance by locating affordable housing close to employment centers.

As LA continues to suffer through a homeless and affordable housing crisis, we need a General Plan and zoning codes that create incentives for projects that create affordable housing and provide local jobs at the income levels needed to pay the rents found throughout the City. In a city with widespread poverty, we must build more affordable housing and as result, create the local jobs necessary to raise families out of poverty. The City's General Plan aims to maintain the balance of local job creation and housing development. Chapter 7 of the General Plan states, "If the jobs/housing ratio declines, that is, if the number of jobs declines in relationship to the number of housing units, then the City's economic vitality may spiral downward. If the jobs/housing ratio increases, that is, if the number of jobs increases in relationship to the number of housing units, the housing shortage and the need for affordable housing would be exacerbated." LA recognizes that increasing housing must also be connected to similar increases in local jobs. To ensure affordability, we must also make sure that the jobs created from the construction boom pay good, family-supporting wages. Each development which contributes to affordable housing and good jobs through the provisions of this Initiative augments the City's housing mix, helps to increase the supply of housing for all economic segments of the community, and supports a balanced community which is beneficial to the public health, safety and welfare of the City.

Now THEREFORE, based upon these findings the people declare that the City adopt the legislation contained herein in order to address our homeless and affordable housing crisis, while also creating good jobs with family-supporting wages.

**Sec. 3. Affordable Housing and Good, Local Jobs.**

If the City Planning Commission recommends approval of any proposed Plan amendment or disapproval of either a proposed amendment initiated by the Director or the Council, the Commission shall transmit as soon as possible those actions to the Mayor for consideration and report to the Council. If the City Planning Commission recommends the disapproval of a Plan Amendment initiated by it, the City Planning Commission shall report its decision to the Council and Mayor.

2. Propose changes to the Plan amendment.

The Council shall take either of these actions within 75 days after receiving the recommendation of the Mayor, or within 75 days after the expiration of the Mayor's time to act if the Mayor has not made a timely recommendation. The failure of the Council to act within that 75-day period shall constitute a disapproval of the Plan amendment.

In accordance with Charter Section 555(e), if both the City Planning Commission and the Mayor recommend approval of a proposed amendment, the Council may adopt the amendment by a majority vote. If either the City Planning Commission or the Mayor recommends the disapproval of a proposed amendment, the Council may adopt the amendment only by at least a two-thirds

vote. If both the City Planning Commission and the Mayor recommend the disapproval of a proposed amendment, the Council may adopt the amendment only by at least a three-fourths vote.

**F. Proposed Changes by the Council.** If the Council proposes changes to the Plan amendment that differ from the amendment as initiated or the recommendation of the City Planning Commission, the matter shall be returned simultaneously to the City Planning Commission and the Mayor for their recommendations on the proposed changes. The City Planning Commission shall act within 60 days of receipt of the Council's proposed change. The Mayor shall act within 30 days of the receipt of the City Planning Commission's recommendation on the proposed change, or the expiration of the time for the City Planning Commission to act if the Commission fails to make a timely recommendation. If either the City Planning Commission or the Mayor does not act within the time period, that inaction shall be deemed a recommendation of approval of the proposed changes. The recommendations of the Commission and the Mayor on any changes made by the Council shall affect only those changes. The Council shall act to approve or disapprove, in whole or in part, the Plan amendment, including the Council's changes, within 120 days after receiving both the City Planning Commission's and the Mayor's recommendations on the Council's proposed changes, or the expiration of their time to act on those changes.

These boundaries may be only changed by amendment to the General Plan pursuant to the procedures set forth in Section 11.5.6 of this Code. No amendment to a plan for any of the 37 planning areas, including reduction in the number of such areas, changes in their respective boundaries, land uses permitted within or at any particular location in any such area, or any other material change, may be made until the completion of a comprehensive assessment of such proposed changes by the Planning Department to ensure that such changes do not:

1. Reduce the capacity for creation and preservation of affordable housing and access to local jobs; or
2. Undermine California Government Code Section 65915 or any other affordable housing incentive program; and

The changes must include a program to create and monitor an inventory of units within the Community Plan Area that are: subject to a recorded covenant, ordinance or law that restricts rents to levels affordable to persons and families of Lower or Very Low-Income; subject to the City Rent Stabilization Ordinance; and/or occupied by Lower-Income or Very Low-Income households.

**B. Action on Proposed Amendments.** The City Planning Commission shall receive the assessment by the Planning Department and shall by vote make a recommendation to accept or reject the amendment. The Commission's recommendation will be received by City Council and the Council shall vote to either accept or reject the proposed amendment. The current plans for the 37 planning areas shall remain in full force and effect until or unless the City Council votes to amend them in accordance with this section.

#### **Sec. 5. Affordable Housing and Good Jobs.**

For purposes of this provision, development bonuses shall include discretionary General Plan amendments, zone changes, and height district changes.

**(b) Alternative compliance options.** A Project may satisfy the affordability provisions of this section through the following off-site options in lieu of providing affordable units on site:

1. **Off-site Construction.** The affordability provisions of this Section may be satisfied by constructing off-site affordable units at the following rate:

(i) No less than the same number of on-site affordable units, at the same or greater mix of unit type and affordability levels as provided in paragraph (a), if constructed within one-half mile of the outer edge of the Project;

(ii) No less than 1.25 times the number of on-site affordable units, at the same or greater mix of unit type and affordability levels as provided in paragraph (a), if constructed within 2 miles of the outer edge of the Project;

(iii) No less than 1.5 times the number of on-site affordable units, at the same or greater mix of unit type and affordability levels as provided in paragraph (a), if constructed within 3 miles of the outer edge of the Project.

The off-site units created pursuant to this paragraph must be on a site that is zoned for residential development at a density to accommodate at least the number of otherwise required units; is suitable for development of the units in terms of configuration, physical characteristics, location, access, adjacent uses and other relevant planning and development criteria; and environmental review has been completed to the satisfaction of the City prior to acceptance of the site by the City. The development of off-site affordable units shall include integration of community space and services as required by the Housing and Community Investment Department for comparable affordable housing development. The first Certificate of Occupancy for the off-site units shall be issued prior to or concurrent with the first Certificate of

Occupancy for the original Project. In no event shall the Certificate of Occupancy for the market rate units for the original project be issued prior to the Certificate of Occupancy for the affordable off-site units. Individual affordable units constructed as part of an off-site project under this Section shall not receive development subsidies from any Federal, State or local program established for the purpose of providing affordable housing, and shall not be counted to satisfy any affordable housing requirement for the off-site development. Other units in the same offsite project may receive such subsidies. In addition, subsidies may be used, only with the express written permission by the Department of Housing and Community Investment, to deepen the affordability of an affordable unit beyond the level of affordability required by this Section.

2. **Off-site Acquisition.** The affordability provisions of this Section may be satisfied by the acquisition of property containing At-Risk Affordable Units and converting the units to non-profit, Community Land Trust, and/or tenant ownership prior to issuance of the Certificate of Occupancy for the original Project. Prior to transferring ownership to a qualified entity, the At-Risk Affordable Units shall achieve a minimum of a C2 rating based on the Fannie Mae Uniform Appraisal Dataset Property Condition Ratings, as assessed and certified by the Housing and Community Investment Department (HCID), or as required by HCID to be completed by the Developer and subsequently certified by HCID. Any entity taking ownership of At-Risk Affordable Units pursuant to this Section shall record an affordability covenant, consistent with the provisions of subsection (d), guaranteeing affordability to Lower or Very Low Income Households. The number of At Risk Affordable Units that must be acquired and converted to non-profit or tenant ownership under this subdivision shall be as follows:

(i) No less than the same number of on-site affordable units, at the same or greater mix of unit type and affordability levels as provided in paragraph (a), if acquired within one-half mile of the outer edge of the Project;

(ii) No less than 1.25 times the number of on-site affordable units, at the same or greater mix of unit type and affordability levels as provided in paragraph (a), if acquired within 1 mile of the outer edge of the Project;

(iii) No less than 1.5 times the number of on-site affordable units, and affordability levels as provided in paragraph at the same or greater mix of unit type if acquired within 2 miles of the outer edge of the Project.

3. **In-Lieu Fee.** The affordability provisions of this Section may be satisfied by the payment of a fee to the City in lieu of constructing the affordable units within the Project. The in lieu fee shall be determined by the City based on the following:

(i) The number of units equivalent to 1.1 times the required number of on-site affordable units pursuant to paragraph (a), in the same proportion of affordability, multiplied by the applicable Affordability Gap, as defined herein.

(ii) No later than 90 days from the enactment of this ordinance, the City shall produce a study identifying the Affordability Gap for rental and ownership units of each bedroom size (studio, 1 bedroom, 2 bedroom and 3 bedroom) for each required affordability level. For rental housing, the study shall collect and determine, by unit type and affordability level, the following information from recently completed affordable housing projects funded by the City's Affordable Housing Trust Fund: total development costs and operating expenses. The study shall also determine the amounts of permanent financing available based on restricted rents and prevailing interest rates. The difference between the total development cost and permanent financing amount shall be the Affordability Gaps per unit by unit type and affordability level. For ownership housing, the study shall identify the market median sales prices by unit type in the 37 Community Plan areas. It shall determine the restricted sales prices of for-sale units by unit type and affordability level. The difference between the market median sales price and the restricted sales price shall be the Affordability Gaps per unit by unit type and affordability level.

(iii) The City shall adjust the fee every two years, based on the results of a new Affordability Gaps study (as defined Section 5(b)(3)(ii)). An Affordability Gaps study, the proposed adjusted Affordability Gaps, and the adjusted fees shall be published within 2 years of the date that the original Affordability Gaps study is released, and consecutively thereafter by the date that is 2 years after the release of the previous Gaps study.

The fee is due and payable to the Affordable Housing Trust Fund at the time of and in no event later than issuance of the first building permit, concurrent with and proportional to project phases. The Developer shall have an option to defer payment of all or a portion of the fee upon agreeing to pay a Deferral Surcharge, with the fee and the Deferral Surcharge due and payable at the time of and in no event later than issuance of the Certificate of Occupancy. The Deferral Surcharge will be assessed at the Wall Street Journal Prime Rate plus 200 basis points at

the time such fee is due, at the issuance of the building permit. The Deferral Surcharge fee shall be deposited into the Affordable Housing Trust Fund and accounted for and used as provided in Section (c).

**(c) Use of Funds.** All monies contributed pursuant to this Section shall be deposited in the City's Affordable Housing Trust Fund. All funds collected under this Section shall be used in the following manner:

1. Except as provided in Subdivision (2) below, the funds collected under this Section shall be used to create and/or preserve housing affordable to Extremely Low-, Very Low-, and Lower-Income households.

2. The City shall designate and separately account for all Deferral Surcharge payments that it receives under this Section to support the creation and/or preservation of affordable housing within one-half mile of a Major Transit Stop ("TOC area"), with priority to TOC Areas where there is a demonstrated decline in units affordable to and/or occupied by Extremely Low, Very Low and/or Lower Income households. Use of the Deferral Surcharge funds shall include but not be limited to the following:

(i) Acquisition and/or remediation of land, and/or acquisition, construction, rehabilitation, and/or financing of housing units by a Community Land Trust or non-profit entity which guarantees perpetual affordability of these units for Extremely Low, Very Low and/or Lower-Income Households or a term of affordability of these units that has a duration of a minimum of 55 years.

(ii) Funding for proactive enforcement of the City's Rent Stabilization Ordinance.

**(d) Continuing Affordability/Standards for Affordable Units.**

1. All affordable rental housing units created or acquired pursuant to this Section shall be subject to an affordability covenant acceptable to the Housing and Community Investment Department, and recorded with the Los Angeles County Recorder, guaranteeing continuing affordability to the targeted income group for no less than 55 years. In addition, when units are acquired and conveyed pursuant to the Off-Site Acquisition option, the Developer and/or entity taking ownership of the units shall create and implement a plan to prevent involuntary displacement of current tenants. Affordable units provided under this Section shall be comparable to the market rate units in the Project (or off-site location in the case of off-site affordable units) in terms of unit type,

number of bedrooms per unit, quality of exterior appearance, energy efficiency, and overall quality of construction.

2. All for-sale housing units created pursuant to this Section shall be subject to an affordability covenant acceptable to the Los Angeles Housing and Community Investment Department, and recorded with the Los Angeles County Recorder, consistent with the for-sale requirements of California Government Code Section 65915(c)(2).

3. A longer term of affordability may be required if the Project receives a subsidy which requires a longer term of affordability. If the duration of affordability covenants provided for in this subsection conflicts with any other government requirement, the longest duration shall control.

**(e) Developer Incentives.** In addition to the requested General Plan amendments, zone changes and/or height district changes, a Project that provides affordable housing consistent with this Section shall also be entitled to three incentives or concessions specified in California Government Code Section 65915(k) or the applicable Affordable Housing Incentive Program.

**(f) Processing.** A Project that provides affordable housing consistent with this Section shall be entitled to review and processing by the Expedited Processing Section of the Planning Department dedicated solely to processing entitlements for such Projects with the goal of expediting such Projects.

**(g) City Council approved adjustments to affordable housing set-asides contained herein.** The City may, by majority vote of City Council, adjust the affordable housing percentages set forth in this Section upon a showing of substantial evidence that such adjustments are necessary to maximize affordable housing while ensuring a reasonable return on investment for Developers.

**(h) Waiver/Adjustment.** Notwithstanding any other provision of this Section, the requirements of this Section maybe waived or adjusted only if a Project applicant shows, based on substantial evidence, that compliance with its requirements would result in a deprivation of the applicant's constitutional rights. The applicant shall bear the burden of presenting substantial evidence to support the request and set forth in detail the factual and legal basis for the claim, including all supporting technical documentation.

In determining whether an applicant has presented substantial evidence to support the request for waiver/adjustment, if upon legal advice provided by or at the behest of the City Attorney, it is determined that applying the requirements of this Section would effectuate an unconstitutional taking of property or otherwise have an unconstitutional application to the property, the requirements of this Section shall be adjusted or waived only to the extent necessary to avoid an unconstitutional result. If an adjustment or waiver is granted, any change in the

use within the project shall invalidate the adjustment or waiver. If it is determined that no violation of the United States or California Constitutions would occur through application of this Section, the requirements of this Section remain fully applicable.

(i) All building and construction work on the project will be performed at all tiers by contractors which (a) are licensed by the State of California and the City of Los Angeles; (b) shall make a good-faith effort to ensure that at least 30% of all their respective workforces' construction workers' hours of Project Work shall be performed by permanent residents of the City of Los Angeles of which at least 10% of all their respective workforces' construction workers' hours of Project Work shall be performed by Transitional Workers whose primary place of residence is within a 5-mile radius of the covered project; (c) employ only construction workers which possess all licenses and certifications required by the State of California and the City of Los Angeles; (d) pay their construction workers performing project work the area standard wages in the project area; and (e) have at least 60% of their respective construction workforces on the project from: (1) workers who have graduated from a Joint Labor Management apprenticeship training program approved by the State of California, or have at least as many hours of on-the job experience in the applicable craft which would be required to graduate from such a state approved apprenticeship training program, and (2) registered apprentices in an apprenticeship training program approved by the State of California or an out-of-state, federally-approved apprenticeship program. The TOC Guidelines shall be drafted consistent with the purposes of this Subdivision and shall include the following:

(1) **Eligibility for TOC Incentives.** A Housing Development located within a TOC Affordable Housing Incentive Area shall be eligible for TOC Incentives if it provides minimum required percentages of On-Site Restricted Affordable Units, meets any applicable replacement requirements of California Government Code Section 65915(c) (3), and is not seeking and receiving a density or development bonus under the provisions of California Government Code Section 65915 or any other State or local program that provides development bonuses. ## RESOLUTION

Resolution providing that a ballot measure be submitted to the qualified voters of the City of Los Angeles.

### BE IT RESOLVED BY THE COUNCIL OF THE CITY OF LOS ANGELES AS FOLLOWS:

Section A. The following amendment to the Charter of the City of Los Angeles is hereby proposed to be submitted to the qualified voters of the City of Los Angeles at a Special Election to be called and consolidated with the State General Election held on November 8, 2016:

### CHARTER AMENDMENT \_\_\_\_\_

Section 1. Section 245 of the Charter of the City of Los Angeles is amended to read as follows:

#### **Sec. 245. City Council Veto of Board Actions.**

Actions of boards of commissioners shall become final at the expiration of the next five meeting days of the Council during which the Council has convened in regular session, unless the Council acts within that time by two-thirds vote to bring the action before it or to waive review of the action, except that as to any action of the Board of Police Commissioners regarding the removal of the Chief of Police, the time period within which the Council may act before the action of the Board shall become final shall be ten meeting days during which the Council has convened in regular session.

(a) **Action by Council.** If the Council timely asserts jurisdiction over the action, the Council may, by two-thirds vote, veto the action of the board within 21 calendar days of voting to bring the matter before it, or the action of the board shall become final. Except as provided in subsection (e), the Council may not amend, or take any other action with respect to the board's action.

(b) **Waiver.** The Council may, by ordinance, waive review of classes or categories of actions, or, by resolution, waive review of an individual anticipated action of a board. The Council may also, by resolution, waive review of a board action after the board has acted. Actions for which review has been waived are final upon the waiver, or action of the board, as applicable.

(c) **Effect of Veto.** An action vetoed by the Council shall be remanded to the originating board, which board shall have the authority it originally held to take action on the matter.

(d) **Exempt Actions.** The following actions are exempt from Council review under this section:

- (1) actions of the Ethics Commission;
- (2) actions of the Board of Fire and Police Pension Commissioners;
- (3) actions of the Board of Administration for Los Angeles City Employees Retirement System;
- (4) actions of the Board of Administration of Water and Power Employees Retirement Plan;
- (5) quasi-judicial personnel decisions of the Board of Civil Service Commissioners;
- (6) actions of a board organized under authority of the Meyers-Milias Brown Act for administration of employer-employee relations;
- (7) individual personnel decisions of boards of commissioners other than the Board of Police Commissioners;
- (8) actions of the Board of Water and Power Commissioners regarding contracts involving consideration reasonably valued at less than an amount specified by ordinance; and
- (9) actions which are subject to appeal or review by the Council pursuant to other provisions of the Charter, ordinance or other applicable law.

(e) **Exceptions for Actions of City Planning Commission and Area Planning Commissions.** The Council shall not be limited to veto of actions of the City Planning Commission or Area Planning Commissions, but, subject to the time limits and other limitations of this section, after voting to bring the matter before it, shall have the same authority to act on a matter as that originally held by the City Planning Commission or Area Planning Commission.

Sec. 2. Section 371(b) of the Charter of the City of Los Angeles is amended to read as follows:

(b) **Competitive Sealed Proposals.** As an alternative to an award pursuant to open and competitive bidding, a contract can be let pursuant to a competitive sealed proposal method, in accordance with criteria established by ordinance adopted by at least a two-thirds vote of the Council. The competitive sealed bid proposal system may permit negotiations after proposals have been opened to allow clarification and changes in the proposal. Adequate precautions shall be taken to treat each proposer fairly. No award may be made pursuant to this alternative method to a proposer whose final proposal is higher as to the ultimate cost to the City, as above defined, than any other responsive proposal submitted. The contracting authority, in order to utilize this alternative method, must make a written finding supported by a written statement of

facts that adherence to the rule that the award be made to the lowest responsive and responsible bidder is not practicable or advantageous and shall also state in writing the reason for the particular award. Notwithstanding the foregoing, the Department of Water and Power may award contracts pursuant to a competitive sealed proposal method in accordance with criteria established by the Board of Water and Power Commissioners.

Consistent with competitive bidding requirements, design-build or other appropriate project delivery systems may be used when justified by the type of project and approved by the contracting authority.

Sec. 3. Section 501 of the Charter of the City of Los Angeles is amended to read as follows:

**Sec. 501. Boards of Commissioners.**

(a) **Creation.** Each department created in the Charter shall have a board of commissioners consisting of five commissioners, unless some other number is provided in the Charter for a specific board.

Each board shall be known as the Board of (insert name of department) Commissioners, except that the Board of the Personnel Department shall be known as the Board of Civil Service Commissioners.

(b) **Attendance Fees.** The Council shall, by ordinance adopted by a two-thirds vote, establish the amount of attendance fees to be paid to commissioners. Attendance fee ordinances shall be adopted no more frequently than once a year.

(c) **Term.** Unless otherwise provided in the Charter, a commissioner term shall be five years, beginning on July 1. The terms of the commissioners shall be designated so that as much as possible the terms of office are staggered. The period of the term of each commissioner shall be designated in the appointment. An appointment to fill an unexpired term on any board shall be for the period of the unexpired term.

(d) **Qualifications.**

(1) No person shall be appointed to a Charter created commission who is not a registered voter of the City. This requirement shall also apply to standing commissions created by ordinance that are advisory to, or manage, a department or office, or perform regulatory functions. This requirement does not apply to commissioners who are elected or who serve ex officio.

(2) No person who is required by ordinance to be registered as a lobbyist shall be appointed to a commission whose members are required to file financial disclosure statements pursuant to the California Political Reform Act.

(e) **Diversity.** Unless otherwise provided in the Charter, the Mayor, Council or other appointing authority shall strive to make his or her overall appointments to appointed boards, commissions or advisory bodies established by the Charter or ordinance reflect the diversity of the City, including, but not limited to, communities of interest, neighborhoods, ethnicity, race, gender, age and sexual orientation.

Sec. 4. Section 502 of the Charter of the City of Los Angeles is amended to read as follows:

**Sec. 502. Appointment and Removal of Commissioners.**

(a) **Appointment.** Unless otherwise provided in the Charter, commissioners of Charter created boards and of standing commissions created by ordinance that are advisory to, or manage a department or appointed office, or perform regulatory functions, shall be appointed by the Mayor, subject to the approval of the Council. The Mayor shall appoint the commissioners of all other ordinance created commissions, unless otherwise provided in the ordinance.

Within 45 days of a vacancy created by the expiration of a term of office or otherwise, the Mayor shall submit to the Council for its approval the name of the Mayor's appointee to serve for the next ensuing term or remainder of the unexpired term created by the vacancy.

If the Council does not disapprove the appointment within 45 days after its submission to the Council, the appointment shall be deemed approved. If the Council disapproves an appointment, the Mayor shall make and submit to the Council a new appointment within 45 days of Council disapproval. Each subsequent Council disapproval of a mayoral appointment shall create a new 45 day period.

(b) **Appointment by President of the Council.** In the event the Mayor fails to submit an appointment to the Council within any of the 45 day periods provided in this section, the President of the Council shall, within an additional 45 days, submit an appointment for that office to the Council for its approval. If the Council does not disapprove the appointment made by the President of the Council within 45 days after submission, the appointment shall be deemed approved by the Council.

If the Council disapproves the appointment made by the President of the Council within the 45 day period, the President of the Council shall make a new appointment to the office involved within 45 days of the disapproval of the previous appointment. Each subsequent disapproval of an appointment made by the President of the Council shall create a new 45 day period.

(c) **Appointment by Council Resolution.** Upon failure of the President of the Council to submit an appointment to the Council for its approval as provided in this section, that appointment shall be made by the Council, by resolution, within 45 days

from the expiration of the 45 day period within which the President of the Council failed to act.

(d) **Removal.** Members of a board or commission, other than the City Ethics Commission, the Police Commission and the Board of Water and Power Commissioners, who are appointed by the Mayor subject to approval by the Council, may be removed by the Mayor without Council confirmation. Members of the Police Commission and of the Board of Water and Power Commissioners may be removed by the Mayor, but a removed member may, within ten calendar days of the removal, appeal the action to the Council. Within ten Council meeting days of receipt of the appeal, the Council may reinstate the commissioner by a two-thirds vote of the Council. Failure of the Council to reinstate the commissioner during this time period shall constitute a denial of the appeal. Action on an appeal shall be by an action separate from the approval of the appointment of a successor to the removed member. Members of the City Ethics Commission may be removed in accordance with Section 700.

Sec. 5. Section 604 of the Charter of the City of Los Angeles is amended to read as follows:

**Sec. 604. General Managers.**

(a) **Appointing Authority.** The board of each Proprietary Department shall appoint the general manager subject to confirmation by the Mayor and Council, unless otherwise provided in the Charter, and shall remove the general manager subject to confirmation by the Mayor. A general manager removed pursuant to the provisions of this section may appeal the removal to the Council in the manner provided in Section 508(e).

(b) **Annual Review.** The board of each Proprietary Department shall evaluate its general manager at least annually and shall set or adjust the compensation of the general manager within guidelines established by Council, after recommendations concerning those guidelines have been made to the Council by the Director of the Office of Administrative and Research Services. The board shall forward a copy of its performance evaluation and salary determination to the Mayor and Council.

(c) **Powers and Duties.** The powers and duties of general managers contained in Section 509 shall apply to general managers of the Proprietary Departments. Additionally, the board of each Proprietary Department may authorize its general manager to contract on behalf of the department where the contract does not involve payment or receipt of money or consideration reasonably valued in excess of a monetary limit provided by ordinance.

Sec. 6. Section 606 of the Charter of the City of Los Angeles is amended to read as follows:

**Sec. 606. Process for Granting Franchises, Permits, Licenses and Entering Into Leases.**

(a) Board action granting franchises, concessions, permits and licenses or approving leases shall be taken by order or resolution.

(b) If the board's order or resolution grants a franchise, permit or license or approves a lease for a term greater than five years, it shall be submitted to Council for its approval or disapproval. The Council may, by ordinance, further define what constitutes a term of more than five years. Unless Council takes action disapproving the franchise, permit, license or lease within 30 days after submission of it to Council, the franchise, permit, license or lease shall be deemed approved. If Council does not approve the franchise, permit, license or lease, Council shall return it to the originating board for reconsideration and resubmission. Any order or resolution granting a franchise for a term of more than five years shall be published once in the same manner as ordinances of the City and shall take effect 30 days after publication. This subsection shall not apply to the Board of Water and Power Commissioners.

Sec. 7. Section 670 of the Charter of the City of Los Angeles is amended to read as follows:

**Sec. 670. Board of Water and Power Commissioners.**

(a) **Composition, Appointment and Removal.** The Board of Water and Power Commissioners shall consist of seven members appointed and removed as provided in Section 502.

(b) **Term.** The members of the board shall serve four-year terms. The terms shall be designated so that as much as possible the terms of office are staggered.

(c) **Qualifications.** In addition to the requirements set forth in Sections 501(d) and (e), members of the board shall meet the following qualifications:

(1) Members of the board shall have general experience in one or more of the following areas: (i) utility management; (ii) water or power policy and operations; (iii) environmental policy; (iv) business or finance; (v) labor relations; (vi) consumer advocacy; and/or (vii) Neighborhood Councils or community organizations.

(2) No person shall be appointed to the board who, during the 12 months prior to appointment, was required to be registered as a lobbyist with the City of Los Angeles and participated in any lobbying activities related to the Department of Water and Power.

(d) **Stipend.** Members of the board shall receive a stipend as further provided by ordinance.

Sec. 8. Section 674 of the Charter of the City of Los Angeles is amended to read as follows:

**Sec. 674. Power Contracts.**

(a) The board shall have the power to contract with the United States or any of its agencies, any state or state agency, and any corporation, public or private, located inside or outside of the City or State of California:

(1) For the construction, ownership, operation, and maintenance of facilities for the generation, transformation, and transmission of electric energy, subject to the following:

(A) Any contract entered into under this subsection may provide for a sharing of the use and benefits and of the capital charges and other obligations associated with the facilities.

(B) The term of any contract entered into under this subsection is not subject to the term limitations specified in Section 607(a) and may extend over the useful life of the facilities constructed, purchased or developed. The board shall notify the Council and Mayor of any proposed contract with a term longer than 30 years prior to board action on any such contract.

(2) For the sale, purchase, exchange or pooling of electric energy or electric generating capacity.

(b) The board may renew, without Council approval, any contract with the United States existing as of December 12, 1940 concerning the delivery of electric energy to the City and the customers of the department from the Hoover Dam electric generating facility.

Sec. 9. Section 676 of the Charter of the City of Los Angeles is amended to read as follows:

**Sec. 676. Strategic Plan and Rate Setting.**

(a) **Strategic Plan.** Beginning on January 1, 2020, and every four years thereafter, the board shall submit a four-year strategic investment and revenue requirement plan (Plan) to the Council and Mayor for approval or disapproval. The Plan shall include a discussion of potential rates and the rate setting process. Once the Plan has been approved by the Council and Mayor:

(1) All policies, projects, programs, and revenue requirements within the parameters of the adopted Plan, including the ability to adjust rates, shall require only board approval unless otherwise provided by the Charter; and

(2) All policies, projects, programs, revenue requirements, or base rate setting that exceed the parameters of the adopted Plan shall require approval by the Council and Mayor unless otherwise provided by the Charter. The Council and Mayoral approval requirement of this subdivision shall not apply to day-to-day operations, operational emergencies or actions of the department necessary to comply with new state or federal laws, unless otherwise provided by ordinance.

(b) The City Council, by ordinance, may further define the policies, projects, programs and revenue requirements that shall be within the parameters of the Plan and shall establish the timelines, procedures, and other requirements for the Plan. The City Council shall adopt the ordinance establishing the timelines, procedures and other requirements for the January 1, 2020 Plan by January 1, 2018.

(c) Rate Setting Procedure:

(1) Until such time as the first Plan is approved in accordance with subsection (a), rates for water, reclaimed water, surplus water, electric energy and surplus energy shall be fixed by the board from time to time as necessary, subject to approval by ordinance. Except as otherwise provided in the Charter, rates shall be of uniform operation for customers of similar circumstances throughout the City, as near as may be, and shall be fair and reasonable, taking into consideration, among other things:

- (A) the nature of the uses;
- (B) the quantity supplied; and
- (C) the value of the service.

The rates inside the City may be less, but not greater, than the rates outside the City for the same or similar uses.

The rates inside the City may be less, but not greater, than the rates outside the City for the same or similar uses.

(d) Individual Power Contracts. Rates for electric energy may be negotiated with individual customers, provided that these rates are established by binding contract, contribute to the financial stability of the electric works and are consistent with procedures established by ordinance.

Sec. 10. Section 678 of the Charter of the City of Los Angeles is amended to read as follows:

**Sec. 678. General Manager of the Department of Water and Power.**

**Sec. 1000. Applicability.**

The provisions of this Article shall apply to all employees of the City, except for those specifically exempted in Section 1001 and as provided in Section 1025.

Sec. 14. A new Section 1025 is added to the Charter of the City of Los Angeles to read as follows:

**Sec. 1025. Department of Water and Power.**

(a) The Council, or the Board of Water and Power Commissioners (Board) if authorized pursuant to subsection (b) to set salaries for Department of Water and Power employees, may approve alternative standards for Department of Water and Power employees to replace any or all of the civil service standards of Sections 1000 through 1020 of the Charter, subject to the following requirements:

(1) The alternative standards are adopted pursuant to a legally binding memorandum of understanding developed through collective bargaining and approved by the Council;

(2) The Council, or the Board if authorized as the salary setting authority pursuant to subsection (b), shall make a determination that the provisions of the memorandum of understanding maintain standards that provide for merit based hiring, merit based retention and discharge, equal employment opportunity compliance, and protection from coercion for partisan political purposes; and

(3) The Council, or the Board if authorized as the salary setting authority pursuant to subsection (b), may conduct periodic audits of any alternative standards adopted pursuant to this section, and may revoke such standards, subject to any meet and confer process as may be required by law and approval by the Council.

(b) The Council may, by ordinance, delegate its authority under Section 219 of the Charter to set salaries for Department of Water and Power employees, in whole or in part, to the Board of Water and Power Commissioners. Council may also, by ordinance, revoke any previous delegation of authority made pursuant to this subsection.

Sec. 15. Implementing Ordinances. The Council shall, by ordinance, provide for the transition to the newly constructed Board of Water and Power Commissioners described in proposed Charter Section 670 above. In order to transition to the new Board and establish staggered terms, the ordinance may designate initial Commissioner terms of a duration other than four years for the first Board established under the proposed Charter Section. The increase in the size of the Board, qualification requirements and change to the length of terms of Commissioners shall commence no sooner than July 1, 2017, and no later than August 15, 2017.

Sec. 16. Severability. If any section, subsection, subdivision, clause, sentence, phrase or portion of this measure is held unconstitutional or invalid by any court or tribunal of competent jurisdiction, the remaining sections, subsections, subdivisions, clauses, sentences, phrases or portions of this measure shall remain in full force and effect, and to this end the provisions of this measure are severable. In addition, the voters declare that they would have passed all sections, subsections, subdivisions, clauses, sentences, phrases or portions of this measure without the section, subsection, subdivision, clause, sentence, phrase or portion held unconstitutional or invalid.

Sec. B. The City Clerk is hereby authorized and directed to publish a notice containing the proposed ballot measure, specifying the date of November 8, 2016, as the date the measure is to be voted upon by the qualified voters of the City of Los Angeles. The notice shall be published once in a newspaper of general circulation in the City of Los Angeles, and in each edition thereof during that day of publication. The City Clerk is authorized and directed to prepare and keep in the City Clerk's office a sufficient supply of copies of the proposed ballot measure and to distribute the proposed ballot measure to any and all persons requesting a copy. Further, the City Clerk is authorized and directed to mail copies of the proposed ballot measure to each of the qualified voters of the City of Los Angeles.

Sec. C. The City Clerk is hereby authorized and directed to cause a notice to be published once in a newspaper of general circulation that copies of voter information pamphlets containing the proposed ballot measure may be obtained upon request in the City Clerk's office.

Sec. D. The City Clerk shall file a duly certified copy of this Resolution forthwith with the Board of Supervisors and with the Registrar-Recorder of the County of Los Angeles.

I hereby certify that the foregoing Resolution was adopted by the Council of the City of Los Angeles at its meeting held on June 24, 2016.

## RESOLUTION

Resolution providing that a ballot measure be submitted to the qualified voters of the City of Los Angeles.

### BE IT RESOLVED BY THE COUNCIL OF THE CITY OF LOS ANGELES AS FOLLOWS:

Section A. The following amendment to the Charter of the City of Los Angeles is hereby proposed to be submitted to the qualified voters of the City of Los Angeles at a Special Election to be called and consolidated with the State General Election held on November 8, 2016:

#### CHARTER AMENDMENT \_\_

Section 1. Subsection (e) of Section 1202 of the Charter of the City of Los Angeles is amended to read as follows:

(e) **Department Member.** A person who is a sworn Member of the Fire Department or a sworn Member of the Police Department, as those terms are defined for each Tier. This term also includes a person who is a sworn Member of the Harbor Department who qualifies for membership in the Plan pursuant to the provisions of any Tier of the Plan, but shall not include any sworn employee of the Harbor Department who was appointed prior to January 8, 2006 and remained a member of the Los Angeles City Employees' Retirement System. Additionally, this term includes a person who is a sworn Member of the Airport Department who qualifies for membership in the Plan pursuant to the provisions of any Tier of the Plan, but shall not include any employee of the Airport Department who was appointed prior to January 7, 2018 and was eligible to make the election authorized by Charter Section 1704 but remained a member of the Los Angeles City Employees' Retirement System.

Sec. 2. Subsection (a) of Section 1700 of the Charter of the City of Los Angeles is amended to read as follows:

(a) **Appointed Chief.** A Chief of Police, a Fire Chief, or a Port Warden (Chief) who is appointed to that position on or after July 1, 2011, and a Chief of the Airport Police who is appointed to that position on or after January 7, 2018, and who is neither a Plan Member nor a Retired Plan Member at the time of appointment, shall become a Tier 6 Plan Member upon appointment unless, within seven calendar days of appointment, he or she files a written opt out election with the Department of Fire and Police Pensions to elect to become a member of the Los Angeles City Employees' Retirement System (LACERS) in lieu of membership in Tier 6. A Chief who is appointed to that position on or after July 1, 2011 and is already a Department Member on the day of his or her appointment, shall continue to be a member of the Tier to which he or she belonged prior to appointment as Chief. A Retired Plan Member who is appointed to the position of a Chief on or after July 1, 2011, shall become a member of

LACERS at the time of appointment, rather than a Tier 6 Plan Member, and shall continue to receive all benefits to which he or she is entitled as a Retired Plan Member, but shall not accrue any additional right to benefits from the Plan by virtue of his or her employment as a Chief.

Sec. 3. A new Subdivision (5) is added to subsection (c) Section 1700 of the Charter of the City of Los Angeles to read as follows:

(5) A person appointed to a sworn position with the Airport Department or Fire Department on or after January 7, 2018, who did not elect to transfer into Tier 6 and remained a member of LACERS, if subsequently appointed without a break in Airport Department service to an Airport Department sworn position or a Fire Department sworn position that would otherwise qualify him or her for membership in Tier 6, shall not become a member of Tier 6 upon appointment, but shall remain a LACERS member.

Sec. 4. Subsection (d) of Section 1700 of the Charter of the City of Los Angeles is amended to read as follows:

(d) **Former Members.** Any former member of any Tier, who ceased to be a member as a result of resignation or discharge and who subsequently is reappointed as a Department Member on or after July 1, 2011, shall become a Tier 6 Member. In the event such person did not receive a refund of contributions for his or her prior service, the definition of "Years of Service" contained in this Tier 6 shall be controlling with respect to such person's entitlement to service credit and such person need not make back contributions on account of such former service. In the event that the member had no right to a refund of contributions from his or her former Tier, then he or she shall not have any right to have contributions formerly made by him or her under the provisions of a former Tier refunded in the event he or she should subsequently terminate as a Plan Member. In the event such person received a refund of his or her contributions as a result of his or her termination, then such person's entitlement to Years of Service credit for the period of such former service shall be conditioned upon such person electing to repay and having paid to the Fire and Police Pension Plan the amount of previously refunded contributions, with interest thereon in an amount calculated as interest which would have been earned between the date of such termination and the date of entry into service as a Plan Member in accordance with rules adopted by the Board. In the event such member does not elect to so repay, the term Years of Service as elsewhere used in this Tier 6 shall not include any periods prior to his or her reappointment, notwithstanding the definitions contained in Section 1702(q) and (r).

Sec. 5. A new subsection (f) is added to Section 1700 of the Charter of the City of Los Angeles to read as follows:

(f) **Airport Department Members.** In addition to those Department Members described in Subsection (b) of this section, the following persons qualify for membership in Tier 6 as provided below:

(1) **Persons Appointed On or After January 7, 2018.** Each person appointed on or after January 7, 2018, as a Member of the Airport Department, as defined in Section 1702(d), shall become a Tier 6 Plan Member upon graduation by the person from academy training required by the Airport Department. Upon becoming a Tier 6 Plan Member, a member may elect to purchase Years of Service credit for the academy training period in accordance with rules adopted by the Board, provided that only academy training time during which the person was a member of the Pension Savings Plan for Part-time, Seasonal and Temporary Employees is eligible for purchase. An Airport Police Chief appointed on or after January 7, 2018, may irrevocably elect in writing at the time of appointment not to become a member of Tier 6, provided that he or she meets the eligibility requirements for such election as set forth in Section 1700(a).

(2) **Persons Appointed Prior to January 7, 2018.** A person appointed prior to January 7, 2018 as a Member of the Airport Department, as defined in Section 1702(d), and who is employed on that date as a Member of the Airport Department, as defined in Section 1702(d), may make an irrevocable election in writing to become a Tier 6 Plan Member in lieu of membership in LACERS, on the terms and conditions set forth below and in any ordinance adopted by the City Council to implement this provision, provided that no person shall become a Tier 6 Plan Member until he or she has completed the academy training required by the Airport Department. A person who does not file an election within the period specified below shall continue as a LACERS member and shall remain a LACERS member if subsequently appointed without a break in Airport Department service to an Airport Department sworn position, or Fire Department sworn position that would otherwise require him or her to become a Tier 6 Plan Member.

All elections made pursuant to this Subdivision (2) must meet the requirements of the ordinance adopted by Council, as authorized by Section 1704, to govern the election, including all related requirements governing service purchases, contributions, and the cost of the election.

For purposes of Sections 1706 and 1708, relating to Tier 6 Disability Pensions and Tier 6 Survivorship Pensions, and Section 1212, relating to the effect of a Department Member's receipt of Worker's Compensation, a Tier 6 Plan Member who transfers under Subdivision (2) of this Section, Section 1704 and the ordinance adopted by the Council as authorized by Section 1704, shall be considered a Department Member as defined in Section 1202(e) during all employment periods for which the member receives Years of Service credit pursuant to Section 1704 and the ordinance adopted by the Council as authorized by Section 1704, notwithstanding that the person was not an actual Tier 6 Plan Member at the time of employment. The intent of this provision is that the person shall be considered a Department Member at the time of employment for purposes of these sections, so that the amount of any disability or

survivorship pension granted pursuant to the provisions of Tier 6 shall be reduced as provided in Section 1212.

Sec. 6. Subsections (d), (e), (f), (g), (h), (i), (j), (k), (l), (m), (n), (o), (p), (q), and (r) of Section 1702 of the Charter of the City of Los Angeles are redesignated as subsections (e), (f), (g), (h), (i), (j), (k), (l), (m), (n), (o), (p), (q), (r) and (s), respectively.

Sec. 7. A new subsection (d) is added to Section 1702 of the Charter of the City of Los Angeles to read as follows:

(d) **Member of the Airport Department.** Member of the Airport Department means the Chief of the Airport Police, the Assistant Chief of the Airport Police, the Chief Airport Safety Officer, and a person duly and regularly appointed, under civil service rules and regulations or provisions of the Charter, or both, governing the making of original regular and permanent appointments which require the serving of probationary periods but not of original emergency or temporary appointments therein, and sworn in, as provided by Penal Code Section 830.1, to perform police or firefighting duties for the Airport Department, under whatever designation such person may be described in any salary or departmental ordinance providing salaries for members of the department, but such person shall be a member of the department only until his or her status as such shall be terminated by reason of his or her retirement, resignation or discharge or for any other reason.

Sec. 8. The first paragraph of Subsection (q) of Section 1702 of the Charter of the City of Los Angeles is amended to read as follows:

(p) **Years of Service.** Years of Service means and includes only those periods during or for which the Plan Member was a Department Member of the Fire Department, a Department Member of the Police Department, a Department Member of the Harbor Department, or a Department Member of the Airport Department, and whether prior to or after his or her becoming a Tier 6 Plan Member and subject to the limitations contained in Section 1700 of this Tier 6:

Sec. 9. Subsection (a) of Section 1703 of the Charter of the City of Los Angeles is amended to read as follows:

(a) **Council Authority.** The Council may, by ordinance adopted in accordance with the provisions of this section, allow police personnel who are transferred to the Police Department from the Department of General Services and gain status in one of the following Class Codes 2214, 2217, 2223, 2227, 2232, and 2244 to transfer prior sworn service with the City from the Los Angeles City Employees' Retirement System (LACERS) to Tier 6 after they become members of the Plan pursuant to the applicable provisions of the Charter and the Los Angeles Administrative Code. Notwithstanding the provisions of Section 1702(q), transferred service may count as Years of Service for all Tier 6 purposes.

Sec. 10. Section 1704 of the Charter of the City of Los Angeles is redesignated as Section 1705.

Sec. 11. A new Section 1704 is added to the Charter of the City of Los Angeles to read as follows:

**Sec. 1704. Authority of City Council to Allow Transfer of Airport Peace Personnel to Tier 6 and to Allow Transferring Personnel to Purchase Prior City Service.**

(a) **Council Authority.** The Council may, by ordinance adopted in accordance with the provisions of this Section, and pursuant to applicable provisions of the Charter and the Los Angeles Administrative Code, allow a person who entered City service prior to January 7, 2018, as a Member of the Airport Department, as defined in Section 1702(d), to become a Tier 6 Plan Member in lieu of membership in the Los Angeles City Employees' Retirement System (LACERS), and to transfer all prior City service from LACERS to Tier 6 after he or she becomes a member of the Plan, provided such person shall continue to make member contributions at the rate applicable to his or her LACERS membership to the extent required by the Internal Revenue Code and as further described in Section 1714(a)(3). Notwithstanding the provisions of Section 1702(q), service transferred pursuant to this Section and the implementing ordinance adopted by Council shall count as Years of Service for all Tier 6 purposes.

(b) **Limitations on Service Purchases.** The authority given to the Council to allow the transfer of prior service is specifically limited as follows:

(1) **Purchases Shall Be Cost Neutral.** The member shall be required to pay the full actuarial cost of the service to be transferred, as determined by the Plan's actuary without taking into consideration incidental administrative expenses incurred by the Plan, reduced by the amount of any funds transferred from LACERS to the Plan in connection with the transferred service.

(2) **All Prior Service Must Be Transferred.** As a condition of making the election to transfer from LACERS to the Plan, a member must transfer all prior service from LACERS to the Plan, including prior City service earned as a contributing member of LACERS and any service purchased from LACERS, and pay the full actuarial cost of the service to be transferred, as determined by the Plan's actuary and pursuant to requirements of the ordinance adopted in accordance with this Section.

(3) **Election and Service Purchase Shall Be Irrevocable.** A member's election to enter Tier 6 membership shall be irrevocable after January 7, 2018. A member's agreement to purchase his or her prior service shall be nonrefundable. Neither the Council nor the Board shall have the authority to revoke or refund a member's election or purchase, or to allow transfers after January 7, 2018.

(c) **Mode of Adoption.** Ordinances adopted pursuant to this section shall be adopted in the same manner as provided in Section 1618(b), but the Council shall be advised in writing by an enrolled actuary as to the cost of the proposed change.

Sec. 12. Subsections (a) and (b) of Section 1706 of the Charter of the City of Los Angeles is amended to read as follows:

(a) **Service-Connected Disability.** Upon the filing of his or her written application for a disability pension or upon the filing of a written request therefore by or on behalf of the head of the department in which he or she is a Department Member, any Tier 6 Plan Member whom the Board shall determine has become physically or mentally incapacitated by reason of injuries received or sickness caused by the discharge of the duties of such person as a Department Member, and who is incapable as a result thereof from performing his or her assigned duties, or those to which he or she would be assigned within the Plan Member's civil service classification if returned to duty, shall be retired by order of the Board from further active duty as a Department Member.

A Tier 6 Plan Member's incapacity is caused by the discharge of his or her duties if there is clear and convincing evidence that the discharge of the Plan Member's duties is the predominant cause of the incapacity.

A Tier 6 Plan Member retired under the provisions of this subsection shall be paid thereafter a monthly service-connected disability pension in an amount which shall be equal to the same percentage of the Plan Member's Final Average Salary as the Board shall determine, from time to time, to be the percentage of his or her disability. Such pension shall be in an amount of not less than 30% and not more than 90% of the Retired Tier 6 Plan Member's Final Average Salary, but in no case shall the pension be less than the equivalent of 2% of Final Average Salary for each Year of Service of the Retired Tier 6 Plan Member.

No Retired Tier 6 Plan Member, while retired pursuant to this subsection, ever shall be paid any pension pursuant to Section 1705 or subsection (b) of this section.

(b) **Nonservice-Connected Disability.** Upon the filing of his or her written application for a disability pension by a Tier 6 Plan Member who shall have five Years of Service or more, or upon the filing of a written request therefore with respect to such a Tier 6 Plan Member by or on behalf of the head of the department in which he or she is a Department Member, any Tier 6 Plan Member whom the Board shall determine has become physically or mentally incapacitated by reason of injuries or sickness other than injuries received or sickness caused by the discharge of the duties of such person as a Department Member, and who is incapable as a result thereof from performing his or her assigned duties or those to which he or she would be assigned within the Plan Member's civil service classification if returned to duty, shall be retired by order of the Board from further active duty as a Department Member. As a further condition of entitlement to such a pension, the Board shall also determine that such disability was not principally due to

or caused by voluntary action of the Plan Member intended to entitle him or her to a nonservice-connected disability pension.

A Tier 6 Plan Member retired under the provisions of this subsection shall be paid thereafter a monthly nonservice-connected disability pension in an amount which shall be equal to the same percentage of the Retired Tier 6 Plan Member's Final Average Salary as the Board shall determine, from time to time, to be the percentage of his or her disability, but such pension shall be in an amount of not less than 30% and not more than 50% of the Retired Tier 6 Plan Member's Final Average Salary.

No Retired Tier 6 Plan Member, while retired pursuant to this subsection, ever shall be paid any pension pursuant either to Section 1705 or to subsection (a) of this section.

Sec. 13. Section 1707 of the Charter of the City of Los Angeles is amended to read as follows:

Any former Tier 6 Plan Member, who became such because of termination of his or her employment for any reason including retirement, who shall believe that he or she is eligible to be paid a pension pursuant to Section 1705 or 1706 of this Tier 6, may file his or her written application for the payment of a pension pursuant to either one of these sections within one year from the date he or she ceased to be a Plan Member, and the Board, if it were to determine that the contingencies provided in this Tier 6 for the payment thereof had happened or occurred as to such former Plan Member prior to the date upon which he or she had ceased to be a Plan Member and if there is no legal bar or defense to the granting to him or her of such pension or to any judicial action or proceeding which could be brought by him or her with respect thereto, shall grant him or her the pension in accordance with his or her written application.

Sec. 14. Subdivision (3) of Subsection (a) of Section 1708 of the Charter of the City of Los Angeles is amended to read as follows:

(3) *Tier 6 Retired Plan Member's Death While on a Service Pension.*  
The Qualified Survivor of a Retired Tier 6 Plan Member, who shall die while he or she is receiving a pension pursuant to Section 1705, shall be paid for life a monthly pension in an amount which shall be equal to 70% of the pension received by the deceased Retired Tier 6 Plan Member immediately preceding the date of his or her death. The benefit described in this subsection (a)(3) may be modified as provided in subsection (b) of this section.

Sec. 15. Subsection (b) of Section 1708 of the Charter of the City of Los Angeles is amended to read as follows:

For the purpose of this section, the liability of the Fire and Police Pension Plan is defined as the present value, in accordance with tables adopted by the Board, of the pensions or optional pensions calculated by approved actuarial methods, and recommended by the Board's actuary. In determining the actuarial equivalent of the pension for a Qualified Survivor as provided pursuant to subsection (a)(4) of this section, the equivalent of a survivorship pension of 80% of the retiree's pension shall be used in all cases.

The optional amounts, calculated in accordance with the foregoing paragraph, shall provide a range of optional values such that the amount to be paid to the Qualified Survivor of the Plan Member shall range from 75% to 100% of the pension payable to the Tier 6 Plan Member, varying by increments of 5%.

If a Retired Tier 6 Plan Member, previously retired on a disability pension pursuant to the provisions of Section 1706, should be reinstated to active duty upon termination of his or her disability, the election to receive the optional pension as herein provided, shall be deemed cancelled as of the effective date of such reinstatement.

A Retired Tier 6 Plan Member, previously retired on a disability pension pursuant to the provisions of Section 1706, shall have the right to cancel any option previously elected by him or her pursuant to the provisions of this subsection in the event his or her pension is subsequently adjusted as provided for in Section 1706.

The Board shall by rule provide for a method in which the election to receive an optional pension shall be exercised.

The administrative heads of the Fire Department, Police Department, Harbor Department, and Airport Department, shall cause to be shown on each and every payroll of such departments all deductions that are required to be made pursuant to this subsection for Department Members who are Tier 6 Plan Members. All references in Tier 6 to contributions shall be deemed to include both regular contributions and additional contributions, unless a different meaning is clearly indicated in the context.

## RESOLUTION

Resolution providing a proposal for the issuance of general obligation bonds to be submitted for approval by a two-thirds vote of the qualified voters of the City of Los Angeles, in accordance with California Constitution Article XIII A, Section 1(b)(2), to finance the acquisition or improvement of real property to provide: (a) supportive housing for extremely low income or very low income individuals and families who are homeless or chronically homeless, which includes facilities from which assistance and services, such as mental health treatment, health care, drug and alcohol treatment, education and job training, may be provided; (b) temporary shelter facilities, storage facilities, shower facilities and other facilities to be used to provide supportive services or goods to, or otherwise benefit, those who are homeless, chronically homeless or at risk of homelessness; (c) affordable housing, including veterans housing, for extremely low income, very low income and/or low income individuals and families, including those who are at risk of homelessness; and (d) associated infrastructure and landscaping, including utilities, sidewalks and streets to be used in connection with the aforementioned housing units and other facilities; any of which may be operated, managed, owned or used by the City, other public entities, nonprofit entities or private entities, as permitted by law.

**WHEREAS**, on January 7, 2016, the City Administrative Officer and Chief Legislative Analyst, with the assistance of various City of Los Angeles and County of Los Angeles representatives issued a Comprehensive Homeless Strategy Report (such report as amended is referred to herein as the Report, CF# 15-1138-S1) pursuant to the request of the Mayor and the Council of the City of Los Angeles;

**WHEREAS**, the Report provided more than 60 policy and funding recommendations in dealing with homelessness;

**WHEREAS**, in the Report, the Los Angeles Homeless Services Authority has identified approximately 26,000 homeless persons within the City of Los Angeles;

**WHEREAS**, the present homeless population within the City of Los Angeles which affects all segments of society, including all ethnicities and ages, and affects areas throughout the City of Los Angeles, has created a public health and safety crisis;

**WHEREAS**, the homeless crisis has been exacerbated by the underbuilding of housing in the City of Los Angeles, which has created a shortage of housing for homeless persons;

**WHEREAS**, low-income individuals and households face a greater risk and danger of homelessness because of the shortage of housing and affordable housing in the City of Los Angeles and resulting high rents;

**WHEREAS**, the City Council has determined that, to address this crisis, the public interest or necessity demands the acquisition or improvement of real property to

provide: (a) supportive housing for extremely low income or very low income individuals and families who are homeless or chronically homeless, which includes facilities from which assistance and services, such as mental health treatment, health care, drug and alcohol treatment, education and job training, may be provided; (b) temporary shelter facilities, storage facilities, shower facilities and other facilities to be used to provide supportive services or goods to, or otherwise benefit, those who are homeless, chronically homeless or at risk of homelessness; (c) affordable housing, including veterans housing, for extremely low income, very low income and/or low income individuals and families, including those who are at risk of homelessness; and (d) associated infrastructure and landscaping, including utilities, sidewalks and streets to be used in connection with the aforementioned housing units and other facilities; any of which may be operated, managed, owned or used by the City, other public entities, nonprofit entities or private entities, as permitted by law;

**WHEREAS**, the City Council finds that financing supportive housing, veterans housing, affordable housing and other facilities to provide supportive services or goods to those who are homeless, chronically homeless or at risk of homelessness, which may be owned by the City, other public entities, nonprofit entities or private entities, serves a public purpose;

**WHEREAS**, the City Council, for the fiscal year 2016-17 budget, included over One Hundred Million Dollars to address the homeless crisis;

**WHEREAS**, the Report has estimated that the projected cost estimate for the City of Los Angeles to create and maintain programs and facilities to address the public health and safety crisis created by homelessness in the City of Los Angeles, will require approximately Two Billion Dollars of funding over ten years;

**WHEREAS**, given limited resources and other priority endeavors in the City to ensure public safety, infrastructure improvements and a growing economy, it is clear that additional funding for housing is also needed to complement any City plan to address the homeless crisis in the urgent, comprehensive and persistent manner it deserves;

**WHEREAS**, the City Council finds that the issuance of general obligation bonds is the most cost effective way to raise funds necessary to pay for the acquisition or improvement of real property described above, and to stabilize the funding needs for such acquisition or improvement of real property, and to mitigate any financial pressures on the General Fund;

**WHEREAS**, in order to issue general obligation bonds for this purpose, it is necessary to prepare an ordinance ordering the submission of a proposition to incur general obligation bonded indebtedness to the qualified voters of the City of Los Angeles;

**WHEREAS**, the Charter of the City of Los Angeles Section 325 requires the preparation of a debt impact statement prior to the placing of any debt authorization on the ballot, and the City Administrative Officer has presented a debt impact statement to the City Council; and

**WHEREAS**, the City Council hereby proposes to submit to the qualified voters of the City of Los Angeles at a Special Election to be called and consolidated with the State General Election to be held on November 8, 2016, a proposition designated as Proposition \_\_\_\_, and as further described in Exhibit 1 attached to this Resolution, to incur general obligation bonded indebtedness to finance the acquisition or improvement of real property to provide: (a) supportive housing for extremely low income or very low income individuals and families who are homeless or chronically homeless, which includes facilities from which assistance and services, such as mental health treatment, health care, drug and alcohol treatment, education and job training, may be provided; (b) temporary shelter facilities, storage facilities, shower facilities and other facilities to be used to provide supportive services or goods to, or otherwise benefit, those who are homeless, chronically homeless or at risk of homelessness; (c) affordable housing, including veterans housing, for extremely low income, very low income and/or low income individuals and families, including those who are at risk of homelessness; and (d) associated infrastructure and landscaping, including utilities, sidewalks and streets to be used in connection with the aforementioned housing units and other facilities; any of which may be operated, managed, owned or used by the City, other public entities, nonprofit entities or private entities, as permitted by law, and the City Council hereby sets forth its determination of public interest and necessity with respect thereto and the public purposes served thereby;

**NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF LOS ANGELES AS FOLLOWS:**

Section 1. That the recitals herein are true and correct.

Sec. 2. That the public interest or necessity demand: (a) the acquisition or improvement of real property to provide: (1) supportive housing for extremely low income or very low income individuals and families who are homeless or chronically homeless, which includes facilities from which assistance and services, such as mental health treatment, health care, drug and alcohol treatment, education and job training, may be provided; (2) temporary shelter facilities, storage facilities, shower facilities and other facilities to be used to provide supportive services or goods to, or otherwise benefit, those who are homeless, chronically homeless or at risk of homelessness; (3) affordable housing, including veterans housing, for extremely low income, very low income and/or low income individuals and families, including those who are at risk of homelessness; and (4) associated infrastructure and landscaping, including utilities, sidewalks and streets to be used in connection with the aforementioned housing units and other facilities; any of which may be operated, managed, owned or used by the City, other public entities, nonprofit entities or private entities, as permitted by law, all as further described in Exhibit 1 attached to this Resolution, and (b) the ordering of the

preparation of an ordinance to submit a proposition to incur general obligation bonded indebtedness of an aggregate principal amount up to One Billion Two Hundred Million Dollars (\$1,200,000,000) to pay for such acquisition or improvement of real property to the qualified voters of the City at a Special Election to be called and consolidated with the State General Election to be held on November 8, 2016.

Sec. 3. That the acquisition or improvement of real property described above and in Exhibit 1 attached to this Resolution are necessary or convenient to carry out the objects, purposes and powers of the City.

Sec. 4. That the cost of the acquisition or improvement of real property described above and in Exhibit 1 attached to this Resolution is approximately One Billion Two Hundred Million Dollars (\$1,200,000,000), that the costs are too great to be paid out of the ordinary annual income and revenue of the City and require an expenditure greater than the amount allowed for acquisition or improvement of real property by the annual tax levy, and the maximum aggregate principal amount of the general obligation bonded indebtedness proposed to be incurred to pay for such acquisition or improvement of real property is One Billion Two Hundred Million Dollars (\$1,200,000,000).

Sec. 5. The City Clerk is hereby directed to present to the City Council the necessary resolutions and ordinance ordering the submission of the proposition to incur general obligation bonded indebtedness in the maximum aggregate principal amount and for the purposes set forth above and as described in Exhibit 1 attached to this Resolution to the qualified voters of the City at a Special Election to be called and consolidated with the State General Election to be held on November 8, 2016.

Sec. 6. The City Clerk is hereby authorized and directed to publish a notice containing the proposed general obligation bond proposition, specifying the date of November 8, 2016, as the date the proposition is to be voted upon by the qualified voters of the City of Los Angeles. The notice shall be published once in a newspaper of general circulation in the City of Los Angeles, and in each edition thereof during that day of publication. The City Clerk is authorized and directed to prepare and keep in the City Clerk's office a sufficient supply of copies of the proposed general obligation bond proposition and to distribute the proposed general obligation bond proposition to any and all persons requesting a copy. Further, the City Clerk is authorized and directed to mail copies of the proposed general obligation bond proposition to each of the qualified voters of the City of Los Angeles.

Sec. 7. The City Clerk is hereby authorized and directed to cause a notice to be published once in a newspaper of general circulation that copies of voter information pamphlets containing the proposed general obligation bond proposition may be obtained upon request in the City Clerk's office.

Sec. 8. The City Clerk shall certify to the adoption and passage of this Resolution by a vote of two-thirds of all the members of the City Council, and is directed to file a duly certified copy of this Resolution forthwith with the Board of Supervisors and with the Registrar-Recorder of the County of Los Angeles.

I hereby certify that the foregoing Resolution was adopted by the Council of the City of Los Angeles, by a vote of not less than two-thirds of all of its members, at its meeting held on JUN 29 2016.
